

REMARKS

By the foregoing amendment, the specification has been amended to also include the reference to the prior provisional application in the specification, which reference was previously included in the Application Data Sheet.

Entry of this amendment is respectfully requested so that the provisional application information will appear in the specification as well as on the cover page of the patent.

Since the present amendment embodies merely the inclusion of priority information in the specification, which priority information is already included in the Application Data Sheet, entry of the amendment is proper as the priority information is already of record, and is respectfully requested.

Authorization is hereby provided to charge any fee necessary for entry and/or consideration of this paper to Deposit Account No. 19-0089.

If there should be any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully Submitted,
